ELEVEN DEAD.

The Number of Victims of the Storm at Savannah.

The Damage to Shipping and Other Property was Heavy.

Upwards of Twenty Small Sailing Vessels Reported Ashore—Damage to Railroads Will Foot Up \$250,000—Other Towns Badly Damaged.

SAVANNAH, Ga., Oct. 1.—The hurricane which swept over Savannah, Tuesday, cost nearly a dozen lives and entailed a financial loss of nearly \$1,000,000.

The 11 persons thus far reported dead are: J. Wallace Johnson, Capt. C. E. Murray, of the tug Robert Turner, and the following, all colored: Mary Waring, Eliza Beatty, Fannie McFall, Ruby Williams, Julia Jackson, two deckhands on the Robert Turner, an unknown man and an infant.

A score or more others were injured, some fatally.

Among prominent buildings damaged are: City exchange, Duffy Street Baptist church, St. Philip's African Methodist church, Central railway warehouses, St. Patrick's school, Georgia Hussar's armory, Henry hall, city market, electric railway powerhouse, Vale Royal Mills, Comer, Hull & Co.'s guano factory, Commercial Guano Co.'s factory, Jones Marine railway, Fawcett Bros.' wholesale grocery building, Henry Solomon & Son's wholesale grocery, M. J. Doyle's retail grocery.

Hundreds of residences are injured and the most beautiful trees in the city are down. The loss to shipping will amount to over \$100,000.

The most serious casualty was the capsizing in midstream in the Savannah river of the Norwegian bark Rose-nius, grounding of the Morgan bark Cab, drifting of Norwegian bark R. D. Metcalf and the total loss of the tugboat Turner. The Steamer Gov. Safford, of Beach and Miller line, is aground in Cooper river and small craft have suffered much.

A special to the Morning News from Burroughs, Ga., says: The storm started here Tuesday at 10 o'clock and lasted until 1:05. The trees were blown down in the woods and roads. About 15 houses in different places are blown down. All the stacks in the rice fields are blown down. The new Ogeechee Baptist church at Shiloh and the new Episcopal church are blown to the ground. Three lives are lost and several persons crippled. The loss is estimated at \$60,000. Every person had to leave his house and go out in the open field to save his life. There has never been such a storm here since 1894.

Nearly every telegraph wire out of Savannah is still prostrated. Storm news is coming to the Morning News from many points in Georgia and Florida by mail. The storm appears to have struck land at Tampa and swept northward to Savannah, thence jumping on to the north. All the correspondents agree that the velocity of the wind was unusually high, even for a tornado, but its duration at each place was short—about an hour. Had the storm been long continued everything in its path would have been leveled to the ground and the loss of life must of necessity have been heavy.

Brunswick was wrecked by the hurricane. The property loss is estimated at between \$350,000 and \$500,000. Loss of life is four so far as known.

At Sterling station several houses are down and one lady, Mrs. Clark, badly injured by falling timber.

At Saint Simons Hills the Hilton & Dodge Lumber company suffered severe loss. The Episcopal church was wrecked and much damage done to stores and residences.

In the railroad yards in Brunswick almost every tin covered freight car is unroofed.

All the telephone and telegraph and electric light wires are down and the damage can not be well estimated.

At the quarantine station, several of the buildings, including the officers' quarters, are down, but Surgeon Burford is safe.

At the new docks of the Southern railroad the eastern warehouse is down and much other damage done. Hand-over park, the pride of Brunswick, is wrecked. Every street is strewn with debris.

At Folkston, Ga., Tom Wright, a Negro barber, was killed in the ruins of his house as it collapsed beneath the awful fury of the wind. Many other houses there were demolished or partly wrecked and the small loss of life is looked upon as surprising. The Methodist church in the northeastern part of the town is blown to atoms.

The graded school building, constructed of heavy timber and thought to be the strongest in town, is in ruins. The teacher and 35 students were in the building when it collapsed, but all escaped unhurt except Miss Kathleen Roddenberry, who received a slight wound on the head. Reports from Bonhage, across the river from Folkston, say that several people were killed and others injured, but no verification reports have reached here yet.

Six Children Killed.

POTTSVILLE, Pa., Oct. 1.—Tuesday night's storm blew down the coal breaker at Natalie, belonging to the Pennsylvania Anthracite Coal company. Six tenement houses belonging to the camp were destroyed by fire, and six children, inmates, lost their lives. The fire originated from a stove overturning in one of the summer kitchens from the shaking by the wind.

The Steamer China Breaks the Record.

SAN FRANCISCO, Oct. 1.—The Pacific mail steamship China arrived from Honolulu and the Orient at 10 o'clock Wednesday morning, two days ahead of time, breaking the record between this city and Honolulu. The China made the run from Honolulu into this city in five days, eight hours and 29 seconds.

The story that the steamer Al Kina was wrecked in Alaskan waters is denied by the officers of the City of Topeka, which came in from Alaska Tuesday night. They say the Al Kina met with a slight accident to some of her machinery and was laid up for repairs. Then she went to Yes Bay for a cargo.

A strike of the bituminous coal miners of the United States similar to that ordered three years ago is thought by a number of Pittsburgh coal producers as imminent. The operators would welcome such a condition believing it would result in restoration of peace, orderly production and a standard rate of wages.

The latest advices from the Orient by the China report that further severe storms have occurred in the southern and western districts of Japan. In Hioga and Gifu prefectures, especially enormous damage has been done to property, and a large number of lives lost by the floods which followed up the heavy rain storms.
